

DEMYSITFING THE DD2345

This webinar takes look at what the JCP program is and the steps involved to successfully register in the program.

If your company is involved in bidding on DOD contracts and need access to the DLA database for bid purposes or to secure access to USG data thru DLA or to be able to receive USG data from a prime or subcontractors, you must have a JCP DD2345 certification.

THE AGENDA

The DLA administers the U.S. Canada Joint Certification Program. Only upon successful completion of the DD2345 and the accompanying documents and training can a U.S. or Canadian company be registered into the program.

The webinar will explain with the JCP is and what it is not. Step by Step guidance on how to complete the DD2345 and the necessary related actions that must be completed before a company can apply will be explained.

Topics will include:

- What Is The U.S. / Canada Joint Certification Program (JCP)
- What Are The Benefits Of The JCP
- How Do You Register For The JCP
- What Are The Key Elements Of The JCP Registration (DD2345 Application)
- Recent Additional Requirements And Trends For The JCP
- How Does The JCP Intersect With The ITAR And The EAR
- Are You Prepared To File Your JCP Registration
- Important Links
- Are You Prepared To File Your JCP Registration
